Humidifier Air Purifier Dual-Purpose Appliance With UVC Light

This dual-purpose appliance seamlessly integrates the functionalities of a humidifier and an air purifier, offering a comprehensive solution to enhance indoor air quality and maintain optimal humidity levels. The appliance is equipped with smart sensors that continuously assess the air quality and humidity, automatically adjusting its operation to meet the preset conditions. This ensures consistent performance without the need for constant manual intervention. The user interface is typically intuitive, with options for touch controls, a digital display, allowing for easy operation and monitoring. this two-in-one appliance is a convenient and effective solution for those looking to improve their indoor air quality and manage humidity levels in their homes or offices. It combines the benefits of a humidifier and an air purifier into a single, space-saving unit, offering a comprehensive approach to respiratory health and overall well-being.

Product Specification

Model	KJH400GE-N1		
Sound Level	<=62dB(A)(Max)		
DC Power	100-240V 50/60HZ 35W		
CADR rate	88CFM (150m ³ /h)		
Product size	Ø315*H633mm		
Area coverage	28-48 m ³		

Product Features:

- It is an air purifier and a humidifier 2 in 1 machine
- Fog-free humidification will keep the air moist while the air purifier is working
- 3 in 1 HEPA-type filter, with carbon and nylon pre-filter One Wick filter
- 4 speeds and sleep mode
- · Auto mode Air Quality Indicator by 3 colors
- UVC light plus Photocatalyst effectively eliminating bacteria, virus, odors Digital display PM2.5 value
- Negative ions released
- 12 hours timer setting
- Filter changing reminder
- Wi-Fi control for option

Our Product Introduction

Why Choose Us:

Product development

Our Marketing Team continually evaluates Consumer needs and expectations and together with our Research Department look at ways to meet and exceed Consumer expectations in today's moving world of conveniences.

•Eye-Catching Design

Innovative Design Team, through Consultations and Customers, keeps abreast with trends in home appliances to be appealing to tomorrow's Consumers.

Adequate verification

Rellability testing in normal use and abusive situations is exhaustively done during development and preproduction to insure the Consumer will enjoy a trouble free life for the product.

·Manufacturing capability

Longevity in a quality trained workforce assures capable processes delivers the best product to Name Brand Customers.

Business Model

Envitek, being a world class manufacturer, thinks out of the box when it discusses and establishes OEM/OBM/ODM business relationships.
