5.5L White Rotary Dehumidifier Air Cleaner Purifier With Display

Basic Information

Place of Origin: Anhui AnqingBrand Name: ENVITEK

Certification: ETL CB EMC LVD ERP ROHS

• Model Number: DS5

Packaging Details: color box+master carton

• Delivery Time: 30-45Days

Payment Terms: L/C, D/A, D/P, T/T
Supply Ability: 10000PCS/Month

Product Specification

Material: ABSColor: White

• Size: L395*W233*H531mm

• Usage: Home Appliance Dehumidifier

Installation: PortableSound Level: Under 45db

Highlight: 5.5L Rotary Dehumidifier,
Rotary Dehumidifier Purifier,

5.5L air cleaner and dehumidifier

Product Description

Rotary Technology 5.5L White Air Purifier Dehumidifier With Humidity Display

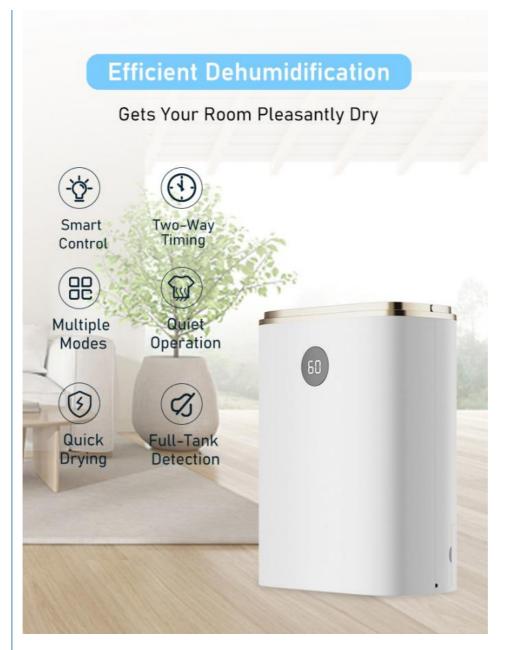

A rotary dehumidifier is a type of appliance designed to reduce and maintain the level of humidity in the air, creating a more comfortable and healthier environment, especially in damp or humid conditions. This device is particularly useful in areas where moisture can lead to issues like mold growth, musty odors, or respiratory discomfort. The rotary dehumidifier with a 5.5-liter tank and air purification function is a comprehensive solution for managing indoor humidity and improving air quality. Its robust design, combined with energy-efficient operation and user-friendly features, makes it a valuable addition to any space where moisture control and clean air are a priority.

Product Specification

Model	DS5
Rated Power	750W
Dehumidification	7.1L/day±20% (80%RH 30°C)
Water Tank	5.5L
Coverage Area	<=45 m²
Product size	395*233*531mm

Product Features:

- Evaporative Condensation Technology, no compressor and no Freon
- · Clothes drying in all seasons
- · With washable pre-filter to purify air
- 2,4,8 hours timer setting
- · LED ambient humidity display
- · An external continuous drain
- · Auto-off and LED indicator when full
- Child Lock
- · Hidden handle for easy movement
- WiFi for option

Why Choose Us:

Product development

Our Marketing Team continually evaluates Consumer needs and expectations and together with our Research Department look at ways to meet and exceed Consumer expectations in today's moving world of conveniences.

·Eye-Catching Design

Innovative Design Team, through Consultations and Customers, keeps abreast with trends in home appliances to be appealing to tomorrow's Con-sumers.

Adequate verification

Rellability testing in normal use and abusive situations is exhaustively done during development and preproduction to insure the Consumer will enjoy a trouble free life for the product.

·Manufacturing capability

Longevity in a quality trained workforce assures capable processes delivers the best product to Name Brand Customers.

Business Model

Envitek, being a world class manufacturer, thinks out of the box when it discusses and establishes OEM/OBM/ODM business relationships.
