Product Description

500W Smart Drying-Grinding-Cooling Food Waste Composter For Kitchen Waste

Product Description:

Tired of dealing with smelly food waste? Our food waste disposer is here to revolutionize your kitchen experience!

In just 4 - 8 hours, it works like magic, turning food scraps into valuable fertilizer. Through a unique drying - grinding - cooling process, it shrinks waste volume by up to 90%. The 4.5L large capacity makes it perfect for big families, handling all your daily food waste with ease.

An advanced, large - scale activated carbon filter ensures a fresh - smelling kitchen, eliminating odors effectively. The smart LCD display shows crucial information such as filter life and power consumption, keeping you informed at a glance.

This disposer features intelligent operation modes that adapt to different types of food waste. With convenient app control, you can manage it from anywhere. Its fermentation function helps create nutrient - rich compost, and the self - cleaning feature means you don't have to worry about maintenance.

Upgrade your kitchen now and step into a more eco - friendly and convenient lifestyle with our food waste disposer!

Product Specification:

Model	FW500NE-B1
Sound Level	<=55 dB(A)
Power	500 W
Capacity	4.5L
Product size	L356*W315*H365mm
Filter	Activated Carbon
