

Household Compact Hepa Filter Air Purifier for 10m² Areas

Basic Information

- Place of Origin: China
- Brand Name: Envitek
- Certification: ETL CB EMC LVD ERP ROHS
- Model Number: KJ050GE-C7
- Packaging Details: color box+master carton
- Delivery Time: 30
- Payment Terms: L/C,T/T,Western Union,MoneyGram
- Supply Ability: 30000 PCS/MONTH

Product Specification

- Name: Hepa Air Purifier
- Feature: Hepa Filter
- Control: Touch Control Panel
- Voltage (V): 100-240V 50/60 Hz
- Type: Hepa-Filter
- OEM&ODM: OK
- Highlight: **compact hepa filter air purifier, household hepa filter air purifier, hepa air purifier for 10m³ areas**

Our Product Introduction

Advanced Home Air Purifier : Transferring Indoor Air Quality

Struggling with seasonal allergies or stale indoor air? This advanced air purifier is the answer.

It sports a sleek, modern design that fits

for more products please visit us on envi-tek.com

any room. Whether it's in the living room or bedroom, it blends right in. With a wide coverage area, it can purify air in spaces of different sizes, quickly turning a stuffy room into a fresh-air space.

Its purification system is top-notch. A pre-filte

Operation

is a breeze.
The rear clearer instructions on the device, and a mobile APP allows for remote control. Start it before you get home for instant fresh air. The sleep mode runs quietly, and an intelligent sensor adjusts the fan speed based on air quality.

If you want to

improve your home's air, this purifier is a great pick.

Product Specification

Model	KJ050GE-C7
Sound Level	<=55dB(A)(Max)
Rated Power	10.5 W
CADR rate	50CFM (85m³/h)
Product size	φ200*H254mm
Area coverage	6-10 m²

Product Features

- Hepa H13 for option)
- 3 speeds and sleep mode
- 2,4,8h timer setting
- Filter changing reminder

has a strong ability to capture fine particles, has tiny pores, a large adsorption capacity, and a high purification efficiency.

The working principle of the Hepa filter is that when the air containing dust particles passes through the Hepa filter, the suspended particles in the air will

the Hep a filter, the better the filtering effect. Generally, air purifiers on the market use filter elements of grades H12 and H13. Hep a filters can also be combined with other filtration technologies, such as activated carbon filtration, to improve the performance of the air puri

fier.
